

Plan for Monitoring Collective Worship

Context

Collective worship has been informally monitored by staff, governors and critical friends of the school in the past but little has been recorded or reported. This plan identifies a need to monitor aspects of the daily Act of Collective Worship (ACW) and highlight the range of stakeholders who will be involved in doing this.

Who Might Monitor?

There are a range of stakeholders who can be involved in monitoring ACW, these include at Sculthorpe VA C of E Primary School:

- The head teacher
- Foundation Governors
- Teaching staff
- Children / parents

What Should Be Monitored?

Monitoring goes beyond simply observing an ACW, monitoring should also include:

- Planning of ACW
- Themes
- Pupil interviews
- Use of resources, policies and practices
- Training opportunities and impact on ACW

How Should We Record It?

ACW have an agreed evaluation record produced by Norwich DBE, this can be used by Teachers, Governors and critical friends.

Children will have a simple note taking and smiley face sheet to monitor.

Plan May 2011 – April 2012
